

PORTING AN EXISTING FAX NUMBER TO THE GFI FAXMAKER ONLINE SERVICE

Porting fax numbers is as simple as 1, 2, 3; **Verify**, **Complete** and GFI will **Process**. Porting a fax number can be time consuming. It is dependent upon your current fax number (phone) service provider and the accuracy of the information you provide. These steps are:

1

- **Verify** that your numbers are portable: (*see Notes*)
 - Use the [GFI FaxMaker Online Port Confirmation form](#). Include the fax number(s) you want to verify, your contact information, and the current phone service provider of your numbers.
- You will be notified in about one (1) business day of the portability of the number(s)

2

- » **Complete** the Letter of Authorization (LOA) if your numbers are portable. Complete and sign the appropriate LOA below:
 - [Single fax number](#)
 - [Multiple fax numbers](#). All numbers with one provider (see notes)
- » Include a copy of your Customer Service Record (CSR). To obtain a copy of your CSR, contact your current service provider:
 - Your CSR is an industry standard record which contains relevant information about your account with your carrier. This is the single best source of information about your account which will be needed to complete the porting process.
 - If you are unable to obtain your CSR, a copy of the first page of your latest billing statement can be used instead. Please note that using a billing statement could delay the porting process.

3

- » Send the completed and signed LOA and either your CSR or first page of billing statement to the following: Sales@gfi.com
- » We will begin the porting **process**. If, during this time, you have any questions contact us: <http://www.gfi.com/contact-us>

4

- » The GFI FaxMaker Online team will contact you by email, when the porting process is complete.

While the porting process takes place, continue to use GFI FaxMaker Online.

Notes:

- It is your responsibility to ensure that there are no open bills or open orders with the current phone service provider from which the number will be ported.
- It is your responsibility to ensure that there are no open litigations with the current phone service provider from which the number will be ported.
- Please ensure that there are **no holds on porting your numbers due to exiting a timed contracts** with your current phone service provider.
- If you have multiple carriers you will need to complete a LOA and provide a CSR for each carrier.
- GFI will contact you if additional information is needed.
- Questo funzione non e disponibile in Italia. [Vai qui per maggiori dettagli](#)
